

Specimen # 31

Name: *Poisonous Ants*  
Origin: *The Dead Sea*

Specimen # 29

Name: *Mutated Moth*  
Origin: *Transylvania*

Specimen # 68

Name: *Wolf Spider*  
Origin: *Deadwood, Texas*

Specimen # 05

Name: *Killer Bee*  
Origin: *Amazon Jungle*

### Specimen Coasters

Print onto white cardstock and cut out. Crumple paper then soak in hot tea for five minutes. Allow labels to dry flat on paper towels. For a more distressed look, burn and singe the edges with a lighter. Tip: When burning or singeing the edges, make sure the coasters are still damp from soaking in the tea. Otherwise the whole coaster may catch on fire.
